

| Association or Organization | Link to Organizational Relationships Diagram | URL | Point of Contact | Phone | Email | Role |
|--|--|--|-------------------------|-------------------------|--|---|
| 7group | | On web site | John Boecker | (717) 877-8038 | boecker@sevengroup.com | Integrative Design, green building, and LEED consultants... Boecker served as vice Chair of the Steering Committee that created the WSIP ANSI Standard |
| AIA - Integrated Project Delivery (IPD) | Design & Engineering | On web site | Markku Allison | (202) 626-7487 | MAllison@aia.org | Whitepapers, articles, presentations and links to assist members in developing a stronger understanding of Integrated Practice and relevant surrounding issues. |
| Air-Conditioning, Heating, and Refrigeration Institute (AHRI) | Construction | AHRI | Sunil Nanjundaram | (703) 524-8800 ext. 329 | snanjundaram@ahrinet.org | AHRI independently tests and certifies the performance ratings of commercial and residential heating, cooling, ventilation and commercial refrigeration equipment. When you're comparing the performance of similar products made by different manufacturers, you can rely on the ratings you'll find in the AHRI Directory of Certified Product Performance. This online, real-time database allows you to search by product lines, certified ratings or manufacturer, to get just the information you need, when you need it. So before you make your next HVACR decision, visit the trusted source for performance certified equipment, at www.ahridirectory.org |
| Alliance to Save Energy (ASE) | Energy | www.ase.org | Nils Petermann | (202) 530-2254 | npetermann@ase.org | |
| American Architectural Manufacturers Association (AAMA) | Construction | www.aamanet.org | Rich Walker | (330) 242-1916 | rwalker@aamanet.org | |
| American College of Construction Lawyers (ACCL) | Design & Engineering | www.accl.org | Patrick J. O'Connor Jr. | (612) 766-7000 | poconnor@faegre.com | |
| American Concrete Institute (ACI) | Construction | www.concrete.org | Douglas J. Sordyl | (248) 848-3757 | douglas.sordyl@concrete.org | |
| American Council of Engineering Companies (ACEC) | Design & Engineering | www.acec.org | David C. Bixby | (202) 347-7474 | dbixby@acec.org | |
| American Institute of Architects (AIA) - Building Connections | Design & Engineering | On web site | Markku Allison | (202) 626-7487 | MAllison@aia.org | The International Clearinghouse for Interoperability Standards and Activities in the Architecture, Engineering, Construction and Real Estate industries. |
| American Institute of Steel Construction (AISC) | Construction | On web site | John Cross | (312) 670-2400 | Cross@aisc.org | AISC has taken an active role in pioneering interoperability and BIM through developing the CIS/2 standard and promoting its use in the structural steel design, detailing, fabrication and construction process. AISC actively engages its members and the AEC community at large to ensure that structural steel is a leader in adoption of interoperability and BIM technology. |
| American National Standards Institute (ANSI) | Codes & Standards | www.ansi.org | Bridgette Dzedzic | (202) 331-3622 | bdzedzic@ansi.org | |
| American Portland Cement Association (PCA) | Construction | www.cement.org | | (202) 408-9494 | info@cement.org | |
| American Public Works Association (APWA) | Owners | www.apwa.org | Kaye Sullivan | (816) 595-5233 | ksullivan@apwa.net | |
| American Society for Quality (ASQ) | Design & Engineering | On web site | Ray Crawford | (703) 742-5911 | crawford@pwworld.com | ASQ Design and Construction Division is actively pursuing a certification for Quality Managers in design and construction and would like to include BIM and interoperability to the knowledge required of QMs in these disciplines. |
| American Society of Civil Engineers (ASCE) | Geospatial | On web site | Amar Chaker, PhD | (703) 295-6393 | achaker@asce.org | The Architectural Engineering Institute of ASCE is dealing with building information models. |
| American Society of Heating, Refrigerating and Air-Conditioning Engineers (ASHRAE) | Codes & Standards | On web site | Gordon Holness | (313) 330-5533 | gholness@comcast.net | Develop and identify initiatives and opportunities presented by interoperability, BIM, and related topics affecting the HVAC & R industry and ASHRAE interests. Develop informational and educational programs on BIM and Inter-operability for ASHRAE members. |
| American Society of Interior Designers (ASID) | Design & Engineering | On web site | Thom Banks | | tbanks@asid.org | |
| American Society of Landscape Architects (ASLA) | Design & Engineering | www.asla.org | | (888) 999-2752 | | |
| American Society of Professional Estimators (ASPE) | Costing | On web site | Edward Walsh | (877) 273-5679 | edwath@aspenational.org | All estimating professionals may want to get in on the BIM discussion effecting their work. ASPE Chapters will be presenting speakers and programs to facilitate the move towards BIM. |
| Associated Builders and Contractors (ABC) | Construction | www.abc.org | Kirk Pickerel | | Pickerel@abc.org | |
| Association for Facilities Engineering (AFE) | Design & Engineering | www.afe.org | Lawrence Gratton | (703) 234-4066 | LGratton@AFE.org | |
| Association for the Advancement of Cost Engineering (AACEI) | Costing | www.aacei.org | Andrew Dowd, Jr | (800) 858-2678 | adowd@aacei.org | |
| Association of General Contractors of America (AGC) - BIMForum | Construction | On web site | Dmitri Allerief | (703) 837-5386 | alleriefd@agc.org | BIMForum is the AGC's task force on Building Information Modeling (BIM). BIMForum's 200+ members collaborate virtually via the online forum. |
| Association of Physical Plant Administrators (APPA) | Owners | www.appa.org | Lander Medlin | (703) 684-1446 Ext. 229 | lander@appa.org | |
| Association of Union Constructors (TAUC) | Construction | www.tauc.org | Todd Mustard | (703) 524-3336 x 112 | tmustard@tauc.org | |
| BIM4builders | | www.bim4builders.com | Jerry Laiserin | | jerry@laiserin.com | |
| Building Industry Consulting Service International (BICSI) | Project Management & Consulting | www.bicsi.org | Brian Hansen | (651) 423-9140 | bhansen@bicsi.org | |
| Building Owners and Managers Association (BOMA) | Facility Management | On web site | Ron Burton | | rburton@boma.org | |
| buildingSMART alliance (bSa) | NIBS | On web site | Deke Smith | (202) 289-7800 | dsmith@nibs.org | Goal is to coordinate all efforts to improve all aspects of the facility and infrastructure lifecycle by promoting collaboration, technology, integrated practices and open standards. The technical committee involved with the development and sustainability of the IAI technical products (Ic's) in the United States is now part of this effort. |
| buildingSMART International (Formerly International Alliance for Interoperability (IAI)) (bSI) | buildingSMART | On web site | Chris Groome | +44 (1536) 526429 | chris.groome@b-r-t.co.uk | BuildingSMART International is an international membership organization with representation in North America, Europe, Asia and Australasia. It brings together architects, engineers, constructors, product manufacturers and facilities managers, along with software vendors and progressive construction customers. The buildingSMART alliance is the North American chapter to BuildingSMART International. |
| Campus FM Technology Association (CFTA) | Facility Management | www.cfta.org | Lynn Hazelbaker | 405-744-6959 | lynn_hazelbaker@okstate.edu | |
| Canadian Green Building Council (CaGBC) | Canada | On web site | Cam Brewer | | cbrewer@cagbc.org | |
| Center for Facilities and Environment (CIFE) | Owners | On web site | Martin Fischer | (650) 725-4649 | fischer@stanford.edu | CIFE and Stanford have long been pioneers in collaborative design, integrated practice, and BIM in general. This level of involvement will with out doubt continue long into the future. |
| Construction Financial Management Association (CFMA) | Project Management & Consulting | www.cfma.org | Peter Schwartz | (609) 452-8000 | pschwartz@cfma.org | |
| Construction Industry Institute (CII) | Owners | On web site | Manual Garcia | (512) 232-1966 | manuel.garcia@enr.utexas.edu | The Construction Industry Institute focuses its efforts on the business needs of its members, which include many of the largest construction related organizations and major facility owners. BIM is beginning to show up on their radar screen and therefore into projects of CII. The emphasis of CII will be toward the strategic business approach to BIM rather than the technology. |
| Construction Industry Round Table (CIRT) | Construction | www.cirt.org | Jane G. Bonvillian | | | |
| Construction Institute (CI) | Owners | www.construction.org | Bill Cianci | (860) 768-4459 | wcianci@construction.org | |
| Construction Management Association of America (CMAA) | Owners | On web site | George Ghringer, PhD | (703) 677-3367 | gghringer@cmaanet.org | |
| Construction Owners Association of America (COAA) | Owners | On web site | Kim Fisher | (800) 994-2622 | kfisher@coaa.org | COAA is committed to accomplishing interoperability and served as one of the sponsors of the McGraw-Hill Interoperability Study that was recently released. They are educating our members through their conference education programs and articles in their magazine. |
| Construction Specifications Canada (CSC) | Canada | www.csc-dcc.ca | Michael Schneider | (780) 735-4105 | michael.schneider@capitalhealth.ca | |
| Construction Specifications Institute (CSI) | Specifications | On web site | Roger Grant | (703) 706-4740 | RGrant@csinet.org | CSI develops and promulgates the formats and standards that organize project and product specifications and information. With the development of OmniClass and the IFDLibrary, CSI along with CSC is focused on supporting interoperability by providing a complete and consistent open schema for all information used in the building process. |
| Construction Users Round Table (CURT) | Owners | On web site | Chuck Hardy | (312) 886-0205 | charles.hardy@gsa.gov | The Construction Users Roundtable (CURT) mission is to create competitive advantage for construction users. CURT is providing aggressive leadership on business issues that promote excellence in the creation of capital assets and supports BIM/VDC implementation in accord with this direction. CURT is in the third year of an arrangement with CIFE and GSA in conducting a VDC Usage Survey in order to gain business metrics around VDC implementation. Further CURT has a committee focused on process transformation involving various sectors of the industry targeting improved productivity. CURT is working in partnership with AIA and AGC through the 3xPT initiative driving change in the industry toward process transformation. |
| Continental Automated Buildings Association (CABA) | Canada | On web site | Ronald J. Zimmer | (613) 686-1814 X. 230 | zimmer@caba.org | CABA is a not-for-profit industry association that promotes advanced technologies for the automation of homes and buildings in North America. |

| | | | | | | |
|--|---------------------------------|--|------------------------------------|--------------------------|--|---|
| Department of Veterans Affairs (VA) | Public Agencies | www.va.gov | Renee Tietjen | | Renee.Tietjen@va.gov | |
| Design Build Institute of America (DBIA) | Owners | On web site | Lee Evey | (202) 682-0110 | levey@dbia.org | |
| Electronic Commerce Code Management Association (ECCMA) | Electronics | www.eccma.org | Peter Benson | (610) 861-5990 | Peter.Benson@eccma.org | |
| Electronic Systems Professional Alliance (ESPA) | Electronics | www.espa.org | Grant Mydland | 703-226-3772 Ext. 110 | gmydland@espa.org | |
| Federal Laboratory Consortium (FLC) | Owners | www.federalabs.org | J. Scott Deiter | 301-744-6111 | john.deiter@navy.mil | |
| Federal Real Property Association (FRPA) | Real Estate | www.frpa.us | Kimberly Price | (703) 561-4104 | kimberly.price@vistatsi.com | |
| FIATECH | Owners | On web site | Ric Jackson | (301) 424-4202 | jackson@fiatech.org | |
| General Services Administration (GSA) | Public Agencies | On web site | Charles Matta | | Charles.Matta@gsa.gov | GSA is a leader in the advancement of BIM by being the first agency to require BIM on all new projects. They also provide guidelines and research into advancing the BIM concepts. |
| Green Building Initiative | Energy | www.thegbi.org | Sharene Rekow | (877) 424-4241 | sharene@thegbi.org | |
| Green Building Institute | Energy | www.greenbuildinginstitute.org | | (443) 733-1234 | | |
| Illuminating Engineering Society (IES) | Design & Engineering | www.iesna.org | Rita Harrold, Technical Director | (212) 248-5000 | | |
| InfoComm International | Construction | www.infocomm.org | Randal A. Lemke, Ph.D. | (703) 273-7200 ext. 3070 | rlemke@infocomm.org | |
| Institute for Market Transformation to Sustainability (MTS) | Energy | On web site | Bill Reed | (781) 483-3040 | reed@integratedesign.net | |
| Institute of Green Professionals (IGP) | Energy | On web site | Grant Austin | (954) 217-0565 | GrantAustin@instituteofgreenprofessionals.org | IGP is a transdisciplinary network of sustainable development professionals, academics and organizations that advance global sustainable development through education, credentialing, research, philanthropy, and a Code of Ethics and Professional Conduct. Our members include: architects, land-use planners, landscape architects, appraisers, engineers, accountants, attorneys, and the academics teaching these specialties. Within our education program, BIM is a core educational and integrative practice module to bring together all stakeholders at different phases of the facility life cycle. |
| International Center for Facilities (ICF) Ottawa | Canada | On web site | Francoise Szegretti & Gerald Davis | (613) 727-1788 | fs-gd@icf-cebe.com | Improve the functionality, suitability and quality of the places where people work and live, and of other constructed assets, by focusing in particular on the development of appropriate national and international standards. |
| International Code Council (ICC) - SMARTcodes™ | Codes & Standards | On web site | | (202) 370-1800 x6244 | | Automate compliance checking with building regulations, codes, standards, etc. which includes significant work on a dictionary that can serve as a basis for other dictionary work in the US and globally, coordination with model checking software entities and working with BIM software developers to understand what information is needed in a BIM to make it checkable for compliance. |
| International Construction Information Society (ICIS) | Specifications | www.icis.org | Don Bunting | 64 9 631 7044 | domb@masterspec.co.nz | |
| International Facilities Managers Association (IFMA) | Facility Management | On web site | Shari Epstein | (713) 623-4362 | Shari.Epstein@ifma.org | |
| Lean Construction Institute (LCI) | Construction | On web site | Greg Howell | (303) 665-8191 | ghowell@leanconstruction.org | Focused on reducing waste in the industry. Provides research to develop knowledge regarding project based production management in the design, engineering, and construction of capital facilities. |
| Machinery Information Management Open Systems Alliance (MIMOSA) | Electronics | www.mimosa.org | Alan Johnston and Ken Bever | (949) 625-8616 | info@mimosa.org | |
| Mechanical Contractors Association of America (MCAA) | Construction | | | | | |
| NAHB Research Center | Design & Engineering | www.nahbrc.org | Thomas Kenney, P.E. | (301) 430-6246 | tkenney@nahbrc.org | |
| National Academy of Sciences Federal Facilities Council (FFC) | Public Agencies | On web site | Lynda Stanley | (202) 334-3374 | lstanley@nas.edu | The FFC coordinates the federal agencies and provides educational opportunities to all. |
| National Association of Home Builders (NAHB) | Design & Engineering | On web site | | | | Large builders of homes are transforming to BIM in order to optimize their processes and provide agility in delivering customized needs of their customers |
| National Electrical Contractors Association (NECA) | Construction | www.necanet.org | Mary Germershausen | | | |
| National Electrical Manufacturers Association (NEMA) | Construction | www.nema.org | Ron Runkles | (703) 841-3278 | ron_runkles@nema.org | |
| National Facility Management & Technology (NFMT) | Facility Management | www.nfmt.org | | | | |
| National Fenestration Rating Council (NFRC) | Design & Engineering | www.nfrc.org | Jessica Ferris | (301) 589-1776 ext. 204 | jferris@nfrc.org | |
| National Fire Protection Association (NFPA) | Codes & Standards | www.nfpa.org | | | | |
| National Institute for Standards and Technology (NIST) | Public Agencies | On web site | Mark Palmer | (301) 975-5858 | mark.palmer@nist.gov | The NIST/BFRL Construction Integration and Automation Technologies (CONSIAT) Program is developing enabling measurement science, methods, protocols, and knowledge to improve construction productivity with the integration of information, communication, sensing and automation technologies. The CONSIAT Program works with industry to identify priority issues and problems and develops needed advancements for the effective use of new technologies in achieving fully integrated and automated project processes. |
| NIBS - Building Enclosure Technology and Environment Council (BETEC) | NIBS | On web site | Wagdy Anis, FAIA | (617) 423-1700 | wanis@sbra.com | Encouraging optimum energy use of buildings through a better understanding how overall complex building components interact with each other and the environment |
| NIBS - Building Seismic Safety Council (BSSC) | NIBS | On web site | David Bonneville | 415-392-6952 | dbonne@deqenkob.com | Enhance public safety fostering improved seismic safety for use by the building community |
| NIBS - Facility Maintenance and Operations Committee (FMOC) | NIBS | On web site | Bill Brodt | (202) 358-1117 | wbrodt@nasa.gov | The goal of BIM is to support business processes throughout the lifecycle - getting information to the operator and sustainer of the facility is a key goal of which FMOC is working. They are a co-sponsor of the COBIE project. |
| NIBS - High Performance Building Council (HPBC) | NIBS | On web site | Rich Walker | (847) 303-5664 | rwalker@aamanet.org | This emerging effort is focusing on not building to the minimum but looking at sustainability. This will be reinforced by accurate information provided by a BIM. |
| NIBS - Multihazard Mitigation Council (MMC) | NIBS | On web site | Brent Woodworth | (818) 702-6295 | bhwoodwo@us.ibm.com | Having accurate information about facilities is a key need for evaluating the impact of hazards. The MMC is supporting the need for BIM to improve the accuracy of their reporting and analysis |
| NIBS - National BIM Standard | NIBS | On web site | Alan Edgar | (765) 215-8251 | aredgar@comcast.net | The NBIMS effort is at the heart of the BIM effort and is foundational to the buildingSMART alliance. |
| NIBS - National CAD Standard | NIBS | On web site | Mark Butler | (402) 392-8782 | r.mark.butler@hdfrc.com | We will be using drawings for quite a long time into the future. Drawings are a report from a BIM and the NCS will be moving toward optimizing that reporting capability in the future. |
| NIBS - Whole Building Design Guide | NIBS | On web site | Dominique Fernandez | (202) 289-7800 | dfernandez@nibs.org | The WBDG will be the vehicle used to distribute products of the buildingSMART alliance as they mature. In the interim it will be a coordinating point for many of the related efforts. |
| National Roofing Contractors Association | Construction | www.nrca.net | Bill Good, CAE | (847) 299-9070 | | |
| National Trust for Historic Preservation | | www.preservationnation.org | David Brown | (800) 944-6847 | | |
| North American Insulation Manufacturers Association (NAIMA) | Construction | www.naima.org | Paul R. Bertram, Jr. | (703) 684-0084 | pbertram@naima.org | |
| Open Building Information Xchange (OBIX) | Electronics | www.obix.org | Toby Considine | | toby.considine@fac.unc.edu | |
| Open Geospatial Consortium (OGC) | Geospatial | On web site | Mark Reichardt | (301) 840-1361 | mreichardt@opengeospatial.org | Helping the World to Communicate Geographically. Provides industry standards to the ISO level. Recognized test bed approach. |
| Open Standards Consortium for Real Estate (OSCRE) | Real Estate | On web site | Andy Fuhrman | (831) 458-3346 | Andy.Fuhrman@oscre.org | |
| Painting & Decorating Contractors of America (PDCA) | Construction | www.pdca.org | Marsha Bass | (800) 332-7322 | mbass@pdca.org | |
| Partnership for Advanced Technology in Housing (PATH) | Design & Engineering | www.pathnet.org | | | | |
| Project Management Institute Design Procurement Construction Specific Interest Group (PMI DPC-SIG) | Project Management & Consulting | On web site | Robert (Robb) Gries | (206) 526-4837 | chair@dpccsig.org | The D-P-C SIG is an international organization and its mission is to break down barriers that fragment the profession, improve the understanding of capital project management, promote collaboration between capital project stakeholders, and contribute to the professional development of our membership. |
| Portland Cement Association (PCA) | Construction | www.cement.org | | (202) 408-9494 | | |
| Plumbing Manufacturers Institute (PMI) | Manufacturers | www.pmihome.org | Barbara Higgins | 847-481-5500 | bhiggins@pmihome.org | |
